A full-page photograph of Brooke D'Ortiz. She is a Black woman with dark hair, wearing a light green bikini bottom and black high-heeled sandals. She is sitting on a white couch with a striped cushion, leaning forward with her hands on a wooden coffee table. She has a tattoo on her right shoulder and is wearing colorful beaded bracelets and a ring. The background is a bright orange wall with a green plant.

Yes, I'll say it. I get lonely when my boyfriend isn't around. He's a lot of fun and likes playing games. His libido never runs dry. I know he still finds me attractive but when he spends so much time on the road, I get lonely.

So when I need my pussy fucked, I just turn on my new friend, Diddy, for a buzzing booty call.

Ass lickers, unite! Yes, it's time for us who love rimming to put our money where our tongues are. It's not that taboo anymore to spend some time on someone's behind. If you've ever been touched or licked back there, then you know the sensations can be out of this world. It's not like anal sex at all. It's a soft and mild sensation that makes you close your eyes and focus on its sensual effect.

MAKING THE GRADE

My name is Danny and I'm a senior at an eastern university. I thought back a couple years and this little incident with Dr. Ryan immediately came to mind. Dr. Ryan worked for the University Hospital several blocks away from my dorm. I was in my second year in nursing school and accepted an internship with her. She came highly recommended and I discovered that she had a few students come back to work with her group after graduation.

So now it's Thursday morning, three weeks after I began working with her. I went to my last class and then off to the hospital as usual. She told me that I was going to be working on a special project with her for the next two weeks. She told me to report to her after my classes tomorrow and we would get started. We were to work in the laboratory trying different solutions in a chemical mixture that would isolate certain amino acids that we then could re-engineer into other compounds. I was excited to put my chemistry and lab skills to good use instead of just hearing and reading about them in the classroom.

I arrived at the hospital the next day and after flashing my badge, headed straight to the basement laboratories. There are two large well-equipped labs with two offices, four cubicles with computers, a small lounge area with a sofa and a couple of over-stuffed chairs and one unisex bathroom. When I got downstairs, on my way to my cubicle, I saw the doctor in the hallway walking towards her office. She was one step ahead of me, telling me to go to the lab and find a lab coat that fit and to meet her in her office in ten minutes to go over the project.

For a week, including weekends, she took me through the steps of isolating some of the organic elements and prepping others for their eventual combination. Dr. Ryan always smelled good, very feminine, but she was sure and confident in her knowledge and teaching style. This morning, she invited me into her office to review the last few days research. As she talked about the findings, I sensed her tone softening and she stumbled over a few words. I've never heard her misstate anything before today. She got up from her office chair and came around to me and stood behind me. She kissed the back of my neck as she massaged my shoulders and said "I know you'd enjoy it."

I was shocked, and used every bit of me to turn around

and I got up to leave but she blocked the door. She said "I will only ask you once and then I won't bring it up again. I've wanted this for a long time. I trust you and it seems like you trust me. So I'm going to ask you again." She walked closer, staring me directly in the eyes and placing her right hand on my crotch. "Do you want this to stop?"

She reached and unzipped my pants and stuck her hand inside. She grabbed my turgid cock and to her shock, I pushed her hand away. I tried to walk away, but before I could take my first step, she dropped to her knees, pulled my cock out of my pants and placed her warm wet mouth on my cock. I suddenly realized I was about to enjoy it.

But next thing I know, my pants and underwear slid to the floor effortlessly. I opened my eyes and looked down. She had completely stripped me of my clothes from the waist down. All I had on was my t-shirt. She was already making me moan and soon she opened her lab coat to reveal a form-fitting red teddy underneath. She went back down on me and looked back up at me with my dick half way in her mouth.

I was enjoying this so much that I took my shirt off. She

smiled up at me but even though she was stroking my cock with her hands and mouth – I wanted more. So I pushed my cock further into her mouth.

While holding her shoulders I pushed her into my chair. Her grip on my cock had gotten tighter not to lose my dick which was buried inside her throat. My confidence rose to the point where I started face-fucking her. I grabbed her hair and went full force. Her smile grew bigger and she gagged as she swallowed all my cock down her throat. Never in my life had I face-fucked anyone before, it felt like her mouth was made to suck my cock.

Dr. Ryan got off her knees and told me to sit on her desk. Immediately she went back at it. My body started to tighten up and she knew I was ready to cum. She stopped and said "No, not yet." so she reached up and took my head closer to hers and kissed my lips with such passion it made me melt right there on her desk. Then she said, "Now you may cum, and don't hold back. I want it all in my mouth, right now." I smiled as she went back to deep throating me, wanting me to touch the back of her throat with the head of my cock. She buried her face into my forest of pubic hair while placing my legs over her shoulders.

**"Now you
may cum,
and don't
hold back.
I want it all
in my mouth,
right now."**

She lifted her face from my pubic area to give my balls some attention. She tried to stick both of them into her mouth at the same time and it felt as if she had given me the best gift of all. Then she removed them and went straight for my hole. I was in shock that she did that, but it was the best. Without entering my hole, she licked all around it and over it. Without any notice she spit right into my hole and that made me jump. I arched my back, tilted my head back and gripped her hair and quietly said "Don't stop, don't stop."

Five minutes after she stopped me from cumming the first time, she stopped and said "I never had anyone last this long." She laughed and said "Now we're going to see about that." And with that, she put my legs back on her shoulders and stuck her face between my cock and balls. I felt tiny bites and nibbles as he worked that area. Then, my cock went back into her mouth. She started sucking faster and faster. I was ready to give her as much cum as she wanted. I stiffened up and my cock filled her mouth – and then it happened.

I exploded with cum going down her beautiful throat. I became a fountain of ever streaming ropes of cum. It felt as if I was never going to stop. I gripped her hair with one hand and the edge of the desk with the other

.....

while I was still enjoying her bobbing up and down. The feeling was absolutely sensational.

A short while later I was done – exhausted and satisfied to no end. She backed off and my feet hit the floor, but I couldn't stand so I just slowly fell to the floor. She sat in the chair in front of me and unsnapped the teddy between her legs. Her pussy glistened in the office lights. She leaned forward and gave me another passionate kiss as if I had done her the biggest favor on earth. Then she said "Your turn, dear intern."

I looked at her shaved pussy in front of me and reached out to gently stroke it. I got on my knees this time and leaned into her crotch. I was still completely naked. As I began licking her, she said "Can I be serious?" I nodded and looked directly into her eyes. She said "I wanted you every since you started here, and I hope this doesn't stop anytime soon."

Still catching my breath from that whirlwind she took me through I said "If this doesn't affect my grade one way or the other, then I'd love to continue." And with that I buried my tongue as far as it would go into her pussy. Minutes later she was bucking in the chair as I finished her off.

I got on my
knees this time
and leaned into
her crotch. I was
still completely
naked. As I began
licking her...

jana

Jana is at home bored. So bored that after her shower she just put on anything and went back to being bored. Then a little birdie told her she doesn't have to be bored. All she has to do is call her neighbor. She calls but he doesn't answer. Jana leaves a message that she's bored and can he come over and cheer her up. Turns out he was at the supermarket and checked his phone in the car. He immediately started over, but realized he didn't have anything to bring to cheer her up. Then he has an idea. One banana. That's funny, he thought.

"I WAS SO BORED, SO I CALLED MY NEIGHBOR TO COME OVER AND CHEER ME UP!"

he knocks and she invites him in. Then... he brings out the one banana. He called it George, and that made Jana laugh. Soon, they start talking dirty. This was getting Jana wet and horny. With her robe open and skimpy under things, soon her tight, little pussy got exposed into which the good neighbor submerges his face. After she starts sucking his cock he quickly takes her clothes off to expose the rest of her firm, supple, 18-year-old body. As he pounds her pussy and she rides his cock, her boredom changes to horniness, and finally – satisfaction.

When the heat is on, hunky guys train diligently to learn how to cool the situation
– even if they are actors!

Pants on Fire

I'm in my 20s, and I agree that I need a man: a good man to be by my side and to service my pussy constantly. I know there's a time for politeness and so forth, so I'm not here to lie to you. I'm a woman, nwith needs, and I've got a pussy that gets wet and is always horny. But, romance hasn't come easy for me. Some days it seems like all the good ones are taken. And some days it just seems like I was born under an unlucky star which dictates that I'm destined for a solitary life.

That's how I sort of came to my temporary resolution. For now... All I really want is some great screaming sex. If there's to be no Mr. Right in my future... At least my hungry woman hole get satisfied regularly. My last husband, the one I gave myself to for 2 years, well now he's gone. He's not coming back. And I'm just a little damn sick and tired of my purple dildo. Sure, it gets the job done... But I want some authentic man-meat.

So, I decided to go to a well-known meat market night-club: "Meety's". Such a cute name I thought when I got there. And, good Lord am I ever glad that I did. Now, I'm not trying to brag, but men do consider me to be a hot, and I do conceptualize myself as sexy. Thus what I'm wearing underneath my clothes is extremely important to me. Frequently, I like to skip the whole bra and panties. I enjoy having my pussy, ass and nipples, rubbing against my clothes. But, to prepare for the club, I put on some frilly, red panties with a matching bra that

just simmered with my rampant sexuality. My pussy gets a little damp just thinking about those panties!

Then I put on a black skirt and a nice blouse. And, I was about to head out the door when I realized that my impetuous pussy better be silenced before embarking on this cock adventure. So I sat down at the kitchen table, hiked up my skirt, pulled my red panties to the side, and inserted my purple dildo right up my love hole. That always worked, and soon my pussy was coming all over the place, and I let my head fall back so I was moaning at the ceiling.

Okay, I was ready to go now! I arrived at the club; it was a temperate summer night. I felt like my pussy's possibilities were endless. I entered the hall, and I saw twenty-something singles everywhere. And a few of them were quite dashing. The place had a disco ball, which I thought was a little tacky, but what the hell! Why get up on such a detail? I was surprised to fell my pussy getting really wet. My red panties might be dripping soon! What I was really in the mood for was a good old-fashioned banging! But, would any of these guys be up for such a risqué event.

I decided to sit down at a corner table and surveyed the scene. Hell, if these guys wanted to explore my succulent pussy, they could approach me, I thought. A half-hour later... no one had made a move. That's when

BLAIR-NTS-09

I saw a couple of young men enter. And, they weren't gay, I don't think. Interesting. They appeared to be in their early 20s. They noticed me, and I saw them whispering to each other. 20 minutes later, they were stealing little glances at me as they continued their whispers.

Not waiting any more, I went over to their table. "What's going on with you guys?" I asked. My red panties just got a little damper.

"I'm Alex," he said. "We were just admiring your outrageous beauty."

"Well Alex," I said, "You're rather brash and direct."

His eyes twinkle. I noticed that his friends were listening to us. "And who is with you?" I asked.

"This is my best friend Bryan and we decided to stop in after our acting class," he said.

"Why don't you tell me straight up, what's going on here?" I said, leaning forward and licking my luscious pouty lips.

"How would the two of you like to fuck me until my eyes roll into the back of my skull?" I asked.

Without missing a beat Alex says, "I know just the place."

Bryan also stood, and followed us through the crowd of partiers to the back of the dance area. Bryan stepped ahead of us and opened the door. It led to a store room. "Are we allowed back here?" I asked.

"Nobody's paying attention," Bryan said.

I grabbed Alex and pressed my lips against his. I suddenly felt hands everywhere groping my assets. My red panties were really soaked now! I dropped to my knees overcome with passion.

"Give me a cock." I yell. "I want it in my mouth, now!"

Just as suddenly, I had two long rods poking my face. I started sucking wildly, first one then the other.

"I've got an idea," Alex said. "Were supposed to be doing acting exercises this weekend. How about we do one right now?" We'll pretend to be firemen and we've just come across you at the scene. Come lay down over here and we'll get started.

I stood up and went to spread myself across the table.

I decided to join in... "Oh I can't breathe!" I screamed. "Give me oxygen tanks in each hand, I said. Suddenly I felt a cock in each hand as one entered my mouth again. This was the position I adored being in. I pump a cock with each hand and felt a little droplet of pre-cum slide onto my left hand.

"Keep talking her down," Bryan hollered. By now Alex was fucking my pussy furiously.

Bryan yelled, "I spot a little bit of fire on her face. I'm going to shoot my hose at it."

And as I felt his cock start pulsating, he aimed it at my mouth including my lower face. Alex flipped me over onto my belly, walked up between my legs and head and set his hands on my ass.

I looked at him and shook my ass back and forth. I said, "It's your reward for saving me." Alex generally entered my pussy. Then, then he absolutely rammed every inch of his love stick straight in. I think that huge cock bumped against my internal organs. That young stud proceeded to fuck me like a superhero... all the while slapping my ass. As Bryan's dick went into my mouth, and I simultaneously jerked him. My nipples were being tweaked and hands were exploring every crevice of my body. Finally, I felt Alex's thumb go up my ass.

Pants on Fire

The young men went to work with the renewed passion they started with, groaning about at the same time. I kept jerking Bryan's cock my hand. "We better just make sure that this fire is extinguished." Alex said.

The two young men step back from me. I laid on my back on the table with my legs spread. "Make sure you spray your fire hoses thoroughly." Alex said.

Bryan was ready and aimed it right at my face and his rocket blasted its fuel all over my chin.

Bryan slipped between my legs, and the little bastard had a real cunnilingus expertise. His tongue was starting to lick all around my little clitty and my legs were starting to quiver a bit.

Then Alex squatted over my face. "Let me give you some oxygen, too." he said, inserting his slick snake into my mouth. It tasted great! I started sucking back as if my life depended on it. He started groaning.

"I think we can save her!" he yelled. "The oxygen is

Then I heard Alex yell, "I'm cumming." And, he sprayed a massive load on my boobs, and then he covered my pussy smiled as he finished shooting his load all over me.

"This building's on fire." I screamed softly. "I'm living above a laundry and the fire's everywhere. I'm going to die here. All the smoke! Help!"

"Don't fear?" Alex yelled. "We firefighters are on the job! We'll save you."

The young men went into a pantomime routine in which they wielded make-believe axes to break into to the building. Bryan pretended to be spraying a firehose, and the whole thing was comical as his pants were around his ankles and his big cock was swishing it around as he hopped about. Alex pretended to break down the door and threw me over his shoulder and sat me on another table.

"She's safe now," he said. "But unconscious!"

"I'll have to give her mouth-to-mouth resuscitation," Bryan said, "I'll get started right away."

working. Give her more"

"Your oxygen tanks empty," Bryan said. "Step back I've got another one." He then jammed his salty cock into my mouth hole and started thrusting it down my throat.

"Oh, yeah. She's cumming to." he said, pushing his cock into my pussy. "In order to save this lady in distress," he said, "It will be necessary for some cock to pussy resuscitation!" And just like that, he jammed his cock deep into me was pumping furiously like a cyclist racing to the finish line.

"I'm coming!" I screamed, as delightful orgasmic sensations shook the entirety of my body.

"Can't take any chances," Alex said. "Let's put her in the ambulance."

He threw me over his shoulder and carried me to the back of the store room. Bryan followed. Little did I know our sexual theater was actually just getting started for the evening. But the rest will be an inspiring tale for another occasion.

I've learned that I can look a guy right in the eye and ask if I can give him a blow job. Usually that shocks them, but the flip to accepting my offer is instantaneous. Then I keep up the eye contact as I take their cock in my mouth and suck them off. I love watching their reaction, because if I just look forward, all I see is hair. The best though, is watching them as I swallow their load.
